EDUCATION

Bachelor of Technology Computer Science, Ajay Kumar Garg Engg. College,Ghaziabad.   **Expected 2024**

Relevant Coursework: Operating Systems, Analysis Of Algorithms and Database Management Systems.

SKILLS

Language	C, C++, Javascript, SQL, NodeJS, ExpressJS, Mongoose, HTML, CSS, ejs.
Tools	Postman, GIT, Github, JIRA, GitLab, Figma, MongoDB.

EXPERIENCE

Software Developer Intern   **Octobar 2022 - December 2022**
Duckcart   *Noida, India*

- Made **REST** APIs for features like Collaboration Request and Scheduling of Dates in Calendar for events and Solving Bugs in many APIs using **NodeJS** and **ExpressJS**.
- Worked with MongoDB as the Database to store Data.

Backend Developer Intern   **July 2022 - September 2022**
engineerHUB - Github Link   *Ghaziabad,India*

- Worked on the backend of the Company Website and App from scratch using NodeJS, ExpressJS, and MongoDB as a Database.
- Used **JWT** for stateless authentication mechanisms for users.
- Backend Hosting has done on **AWS** Platform.

PROJECTS

- **ScholarShip-Portal** (Github Link) *NodeJS, ExpressJS, MongoDB, Nodemailer,Railway*
  - Developed a Scholarship-portal for college and school students so that they can find all international and national Scholarships on one single portal.

- **Exam-portal**(Github Link) *NodeJS, ExpressJS, MongoDB, Nodemailer, Mongoose, Cyclic*
  - Developed an Exam-portal to recruit 2nd-year students in the college technical Society. Through this portal students need to answer some MCQ-based Questions.There are two sides of the portal one is Admin Side and one is the User side.

- **Auth APIs** (Github Link) *NodeJS, ExpressJS, MongoDB, Nodemailer,Twillo*
  - Have made APIs for Login and Registration. Added functionality like OTP generation to verify user email and Mobile number and added API for forgetting Passwords.

COLLEGE ENGAGEMENTS

- Member of **Computer Society of India**.Working with Frontend Developers as a team to develop several projects for society. Has also handled the management of REACTJS workshop in which my team and me mentored 250+ students

ACHIEVEMENTS

- Successfully Participated in National Level Hackathon 2022. Certificate
- Successfully contributed in Hacktoberfest 2022 and got my 5 PRs merged.
- Have solved 300+ Data Structures and Algorithms problems on various coding platforms. Coding Profiles
- Participated in Social Summer of Code (SSOC'22) Certificate
