EDUCATION

Bachelor of Technology Computer Science, Ajay Kumar Garg Engg. College,Ghaziabad.　**Expected 2024**
Relevant Coursework: Operating Systems, Analysis Of Algorithms and Database Management Systems.

SKILLS

Language	C, C++, Javascript, SQL, NodeJS, ExpressJS, Mongoose, HTML, CSS, ejs.
Tools	Postman, GIT, Github, JIRA, GitLab, Figma, MongoDB.

EXPERIENCE

Backend Developer Intern - Completion Certificate　　　　　　　**July 2022 - January 2023**
engineerHUB **- Github Link**　　　　　　　　　　　　　　　　　　　　　*Ghaziabad,India*

- Constructed the backend of the company website and app from scratch utilizing NodeJS, ExpressJS, and MongoDB as the database.
- Implemented **JWT** for stateless authentication mechanisms for users.
- Hosted the backend on the **AWS** platform.

NodeJS Developer Intern - Completion Certificate　　　　　　**Octobar 2022 - December 2022**
Duckcart　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Noida, India*

- Developed **REST APIs** for features such as Collaboration Request and Scheduling of Dates in the Calendar for events using NodeJS and ExpressJS. Rectified bugs in existing APIs and optimized their performance.
- Utilized MongoDB as the database to store data.

PROJECTS

- **ScholarShip-Portal** (Github Link) *NodeJS, ExpressJS, MongoDB, Nodemailer,Railway*
  - Developed a scholarship portal for college and school students using NodeJS, ExpressJS, MongoDB, Nodemailer, and Railway. Created a centralized platform for national and international scholarship listings.

- **Exam-portal**(Github Link) *NodeJS, ExpressJS, MongoDB, Nodemailer, Mongoose, Cyclic*
  - Created an exam portal to recruit 2nd-year students in the college technical society utilizing NodeJS, ExpressJS, MongoDB, Nodemailer, Mongoose, and Cyclic. Developed separate admin and user interfaces for efficient management and usage.

- **Auth APIs** (Github Link) *NodeJS, ExpressJS, MongoDB, Nodemailer,Twillo*
  - Developed APIs for login and registration utilizing NodeJS, ExpressJS, MongoDB, Nodemailer, and Twillo. Added functionalities such as OTP generation to verify user email and mobile number and added API for forgetting passwords.

COLLEGE ENGAGEMENTS

- Member of **Computer Society of India**.Collaborated with frontend developers as a team to create several projects for the Computer Society of India. Mentored over 250 students in a REACTJS workshop.

ACHIEVEMENTS

- Solved 300+ data structures and algorithms problems on various coding platforms. Coding Profiles
- Participated in National Level Hackathon 2022 and received a certificate. Certificate
- Achieved a top 10 position out of 96 teams in a Hackathon. Certificate
- Contributed to Hacktoberfest 2022 and got my 5 PRs merged. Link
